

## Industrial location development

Management: Dr. Klaus Blug

Kurt-Kessler-Straße 1 · D-66806 Ensdorf/Saar

### Consultants:

Christian Heck and Catharina Lübke

T+49 (0)681 607-6202 · F+49 (0)681 607-6300

E-mail: [standortentwicklung@vse.de](mailto:standortentwicklung@vse.de)

[www.erp-saarland.de](http://www.erp-saarland.de)

# The Saarland.

A qualified industrial location  
with universities and research  
institutes.

### Logistical connection:

- Central location in Europe
- Very close to France, Luxembourg, the Netherlands and Belgium
- International airports

### Trimodal location:

- Ship: own inland harbour
- Rail sidings
- 1,000 m from federal motorway
- international airports nearby

# ERZ ENSDORF

Energie- und  
Ressourcen-  
Zentrum

**53 h of industrial area**

Plenty of room for your future.

## Your economic benefits from sector coupling: **energy becomes synergy**

- Innovative overall concept as part of the energy turnaround:
  - renewable energy
- Inexpensive and safe energy supply:
  - Area networks
  - Own electricity generation
  - "Versatile" main connection (220 kV, 110 kV, 35 kV, 10 kV)
- Location supply and infrastructure:
  - Long-distance heating connection (input and output)
  - Gas connection (high-pressure gas)
  - Broadband connection (glass fibre IT/TC)
  - Water supply
  - more upon request
- High stakeholder acceptance

## A location that convinces with its **needs-oriented services.**

- GRW (area up to 25% funding rate)
- Subsidy navigator
- Approval management by VSE AG and Länder authorities
- Areas with variable cut
- Action areas available
- Industrial labour in the region
- Intensive service proposals

### **Settler networking favoured for mutual benefit:**

- Energy-intensive production processes
- Innovative recycling management
- Smart energy & mobility
- Bioeconomy
